Technical Information Note 03/2015 Revision A

October 2015

Contents

1. Introduction
2. Alphabetical list of published resources with links
3. Other resources

This Information Note lists and links to resources published by other organisations that LI Members find helpful in maintaining knowledge.

1. Introduction

- 1.1 This Information Note lists and links to published resources that LI Members have reported (e.g. through the LI's Communication Survey) they find useful. It includes a mixture of online and printed material.
- 1.2 Inclusion in this list implies no particular further endorsement and LI Members may [report any important omissions via Talking Landscape](#) for inclusion in any future revised version.

2. Alphabetical list of published resources with links

[Applied Geography](#)

[Arboricultural Association](#)

[Arch Daily](#)

3. Other resources

- 3.1 The NBS has a very comprehensive directory of [organisations involved in the construction industry](#).
- 3.2 The International Federation of Landscape Architects-Europe lists relevant landscape [publications in other languages](#) (N.B. some links are broken).
- 3.3 [Scholar.google.co.uk](#) provides authoritative Internet searches.
- 3.4 [Google can be easily programmed](#) to send you the pages that have been indexed by it which newly refer to keywords you specify.
- 3.5 Services such as [ChangeDetection](#) can advise you when a particular webpage changes in any respect.
- 3.6 Although open access publications should come up on Internet searches there is [a list of scholarly open access journal publishers](#).
- 3.7 Twitter (e.g. in association with Tweetdeck) provides an unparalleled way to stay in touch with some of the latest news. In particular follow [@talklandscape](#) and [@LI_Simono](#)
