

Election of Ordinary Council Member 2017 Additional Information

Katharine Schofield CMLI

My involvement with the LI began as the Sheffield University Representative on SLIC, and has continued through the LI East Midlands Branch as a committee member for the last 8 years. I am a P2C mentor and also volunteer my time providing tutorials and lectures to university students on EIA. For the past 4 years I have been the East Midlands Representative on Advisory Council and am the current Chair of Appointments and Selections Committee (A&SC). As A&SC Chair I have been committed to ensuring that due process is followed, and I understand the importance of transparency. Communication is a key theme, and one I believe we can continue to improve. This applies to dissemination of information to members, and also from the membership to Council and the LI. Working together with a group of equally committed and motivated people, my time serving as a member of Council has proved to be enlightening, thought-provoking and rewarding. I feel that in this time I have seen positive development both within the Landscape Institute and for Landscape Architecture - for its members, as a professional body, and in terms of public awareness. I am keen for this momentum to continue, and to be part of it. We should ensure we support all of our current and prospective members, whether this is by promoting Landscape careers in schools and universities, supporting candidates through to Chartership, developing inter-disciplinary ties, or through the provision of effective, relevant and engaging training and events.

Current membership of other organisations: Practitioner Member of Institute of Environmental Management and Assessment (PIEMA)

Proposers:

- Phil Rech
- Amanda Mcdermott
- Harriet Taylor
