JCLI Landscape Works Contract with
Contractor's Design 2017
(JCLI LWCD 2017)

JCLI Scottish Landscape Works Agreement with Contractor's Design (JCLI SLWAD)

This document has been drafted for use in conjunction with the JCLI Landscape Works Contract with Contractor's Design 2017 ("the JCLI Contract"), in order that the JCLI Contract can be used in a manner consistent with Scottish law. To that end, the Recitals, Articles, Contract Particulars and Attestation provisions have been replaced and a number of amendments to the JCLI Contract Conditions have been set out in the Appendix.

While footnote numbering in this document is generally consistent with the JCLI Contract, a number of comments in the footnotes to this document have been amended to reflect Scottish practice and so please refer to these footnotes rather than those in the JCLI Contract.

Please note that this document does not replace the JCLI Contract. Instead, the JCLI Contract is treated as a Contract Document, and should therefore be initialled and annexed to this document in the same manner as parties would normally do with, for example, the Specification and contract drawings. Also, the Articles, Recitals, Contract Particulars etc of the JCLI Contract itself should be left uncompleted: that information should be included in the relevant part of this Scottish agreement. Similarly parties should sign this Scottish agreement rather than the JCLI Contract.

Further information on execution and other points relevant to this Scottish agreement are set out at the end of this document.

For updates and further guidance on using and administering this agreement see: the guidance at the back of this document; any Amendments and/or Corrections documents for JCLI LWCD 2017; 'JCLI Practice Note No 8, Revision 2'; 'Model Certificates and other Forms for use with JCLI LWC 2017 and LWCD 2017' which are also applicable to this agreement; and the 'Differences' documents, all of which are available free from www.landscapeinstitute.org

The Contractor shall carry out and complete the Works in accordance with these Articles of Agreement and the Appendix hereto ("the Appendix") including the Contract Documents as defined in the Third Recital, all of which Contract Documents are hereby incorporated in and form part of this Agreement. The Conditions and Schedules of the JCLI Landscape Works Contract with Contractor's Design 2017 (JCLI LWCD 2017) shall be amended in accordance with the provisions of the Appendix.

For the purposes of this Contract the Landscape Architect/Contract Administrator ⁷ is

.....
of
.....

or, if he ceases to be the Landscape Architect/Contract Administrator, such other person as the Employer nominates (such nomination to be made within 14 days of the cessation). No replacement appointee as Landscape Architect and/or Contract Administrator shall be entitled to disregard or overrule any certificate, opinion, decision, approval or instruction given by any predecessor in that post, save to the extent that that predecessor if still in the post would then have had power under this Contract to do so.

⁷ Unless the person appointed by or under Article 3 is a Chartered Landscape Architect (ie a Chartered Member of the Landscape Institute), the term 'Landscape Architect' shall so long as that person holds that post be deemed deleted throughout this Contract. Any appointee as Contract Administrator should be suitably experienced for the role. Irrespective of experience or qualifications, the Employer should not at any time appoint himself to the role without the Contractor's prior agreement.

Agreement

Articles

Article 4 Principal Designer

If the CDM Regulations apply to the project and there will be more than one contractor working on the project at any time as defined in those regulations, the Principal Designer for the purposes of the CDM Regulations ⁸ is

.....
of
.....

or such replacement as the Employer at any time appoints to fulfil that role.

Article 5 Principal Contractor

If the CDM Regulations apply to the project and there will be more than one contractor working on the project at any time as defined in those regulations, the Principal Contractor for the purposes of the CDM Regulations ⁸ is

.....
of
.....

or such replacement as the Employer at any time appoints to fulfil that role.

Article 6 Adjudication

If any dispute or difference arises under this Contract either Party may refer it to adjudication in accordance with clause 7.2. ⁹

⁸ In Article 4 insert the name of the Principal Designer or ‘the Landscape Architect/Contract Administrator’ if the Landscaper Architect/Contract Administrator is to fulfil that role, and in Article 5 that of the Principal Contractor, or ‘the Contractor’ if the Contractor is to fulfil that role.
Under the CDM Regulations 2015, regardless of whether or not a project is notifiable, there is a requirement to appoint a principal designer and a principal contractor in all cases where there is more than one contractor, or if it is reasonably foreseeable that more than one contractor will be working on a project at any time. For these purposes, the term ‘contractor’ is broadly defined by the regulations and treats the Contractor’s sub-contractors as separate contractors.
Articles 4 and 5 are not applicable if the project that comprises or includes the Works does not involve any “construction work” (as defined in the CDM Regulations 2015) or if there will be only one contractor working on the project at any time, unless circumstances change (eg the addition of “construction work” which requires a sub-contractor) – see the Contract Particulars (Sixth Recital).
See the Guidance Notes in the JCLI Contract and JCLI Practice Note No 8 Revision 2

⁹ As to adjudication in cases where the Employer is a residential occupier within the meaning of section 106 of the Housing Grants, Construction and Regeneration Act 1996, see the Guidance Notes in the JCLI Contract.

Articles

Article 7 Arbitration

Where Article 7 applies,¹⁰ then, subject to Article 6 and the exceptions set out below, any dispute or difference between the Parties of any kind whatsoever arising out of or in connection with this Contract, shall be referred to arbitration in accordance with Schedule 1 to the Conditions and the Arbitration (Scotland) Act 2010.¹¹ The exceptions to this Article 7 are:

- any disputes or differences arising under or in respect of the Construction Industry Scheme or VAT, to the extent that legislation provides another method of resolving such disputes or differences; and
- any disputes or differences in connection with the enforcement of any decision of an Adjudicator.

Article 8 Legal Proceedings¹⁰

Subject to Article 6 and (where it applies) to Article 7, the Scottish courts shall have jurisdiction over any dispute or difference between the Parties which arises out of or in connection with this Contract.

Article 9 Limitation Period^{11A}

The Contractor's liability under this Agreement shall expire at the date specified in the Contract Particulars save in respect of proceedings which have been commenced prior to such date in respect of this Agreement.

¹⁰ If it is intended, subject to the right of adjudication and exceptions stated in Article 7, that disputes or differences should be determined by arbitration and not by legal proceedings, the Contract Particulars **must** state that the arbitration provisions of Article 7 and Schedule 1 to the Conditions apply and the words "do not apply" **must** be deleted. If the Parties wish any dispute or difference to be determined by the courts of a jurisdiction other than Scotland the appropriate amendment should be made to Article 8 (see also clause 1.8).

¹¹ See the "Guidance specific to the Scottish Revisions" set out at the back of this agreement and the Guidance Notes in the JCLI Contract.

Guidance specific to the Scottish Revisions

Care has been taken in preparing this guidance, but users are reminded that the effect in law of the provisions of the JCLI Scottish Landscape Works Agreement with Contractor's Design 2017-04 or of the JCLI Landscape Works Contract with Contractor's Design 2017 are, in the event of a dispute as to their effect, a matter for decision in adjudication, arbitration or litigation.

Notes on Execution

Signing

Although Scots law does not share the English law distinction between signing a document as a deed and signing as a simple contract, the parties should nonetheless be careful to ensure that the manner in which they sign the Agreement is consistent with the Requirements of Writing (Scotland) Act 1995.

Two signing blocks are provided for execution, one by the Employer and the other for the Contractor. Guidance has been provided below to assist in these being used for four types of organisation: a limited company, a partnership, a limited liability partnership and an individual.

The guidance below will be appropriate for the majority of limited companies, partnerships and LLPs. However parties must ensure that, where they have different requirements in relation to contract signature, for example under their Articles of Association or corporate governance rules, those requirements are met by making the appropriate modifications and signing accordingly.

Similarly, if a party does not fall within any of these categories (e.g. because they are a trust or local authority or the contract is being signed by a person acting under a power of attorney) then details should either be completed to satisfy that party's particular signing requirements or the relevant signing block struck out altogether and replaced with one appropriate for that party's circumstances.

At least one party must sign on page 13.

Note A: Where a party is a **limited company**:

the first signatory should be a **Director** or **Secretary** or **Authorised Signatory**;

and the second a **Witness** or **Director** or **Secretary** or **Authorised Signatory**.

Note B: Where a party is a **partnership** formed under the Partnership Act 1890 (note: NOT a limited liability partnership):

the first signatory should be a **Partner** or **Authorised Signatory**;

and the second a **Witness** or **Authorised Signatory**.

Note C: Where a party is a **limited liability partnership** (note: NOT a partnership formed under the Partnership Act 1890):

the first signatory should be a **Member**;

and the second a **Witness** or **Member**.

Note D: Where a party is a **natural person**:

the first signatory should be the **person**;

and the second a **Witness**.

Parties must ensure that the Place and Date are completed and that the signing block is appropriate for their circumstances.

Guidance specific to the Scottish Revisions

Differences from the Guidance to the English form

While most of the Guidance provided in the JCLI Contract applies equally to this document, the following matters should be noted:

Paragraph of English form

Comment

19 Please note that under the Scottish Revisions any arbitration would be governed by Arbitration (Scotland) Act 2010 and the Scottish Arbitration Rules set out at schedule 1 to the 2010 Act.

20 The rules in Scotland around the period after which a party's liability will expire are different from those in England. Under the Prescription and Limitation (Scotland) Act 1973, a party would be able to make a claim in respect of the other party's breach of contract for a period of five years running from when the loss, injury or damage occurred (which, in the case of latent defects under a contract like this would not be until the Employer is aware, or by using reasonable diligence should have become aware, of the harm). This period can in certain circumstances be interrupted, in which case the five year period would restart. In any event a hard longstop date would apply at twenty years from the date the loss actually occurred.

To provide more certainty, a new provision at Article 9 has been inserted with an item in the Contract Particulars for six or twelve years to be selected for a contractual longstop date for liability. The item in the Contract Particulars has a default of six years from the date of practical completion. The normal period for landscape works projects of a size appropriate for this standard form contract is six years, unless the Employer requires a longer period, which is often the case when the landscape works are part of a much larger building or engineering project.

Assignment

Unlike under English law, in Scotland there is a school of thought that it is possible to assign obligations as well as rights under a contract, and accordingly the Scottish Revisions deal with this in Clause 3.1. However if parties are looking to assign obligations it is suggested that they enter into a novation agreement to give effect to that.

Preservation and execution

If the parties wish the contract to be registered in the Books of Council and Session for preservation and execution, then legal advice should be taken as to the Registers of Scotland's formal requirements.
