

## **Adam White FLI**

I am a Fellow of the LI, a RHS Gold Medal and BBC People's Choice Award winner. I am also a Full Member of both the Garden Media Guild and BALI. I am member of the National Play Policy Committee representing the LI. This is a key role to make sure more of our public landscapes are made playful. A priority I would be keen to promote as the President. I was made a Fellow of the LI in 2012 for my services to 'children's health & well being' something I would want to continue to promote as President. Since 2013 I have co-hosted the LI Awards. We need to promote the LI beyond the bounds of our profession and raise awareness of landscape architecture in popular culture. Something I'd be keen to do as President. I write a column in ProLandscape Magazine. I am author of the Play England guide 'Nature Play'. I run workshops in Schools whilst promoting the profession. As President I would encourage more members to volunteer their time to promote the profession to our younger generations. In 2007 I created the RHS Gold medal winning garden Playscape with my Andr e Davies. This led to a £225m government investment in play. After ten years away we are back at RHS Hampton Court with our Wild Garden. An accessible and inclusive garden for children with autism. As President I would promote the importance of developing a greater understanding of the therapeutic qualities of landscape
