## Beyond the National Park

Winchester

## Our vision

To be a global exemplar of how our most precious landscapes can work in harmony with a thriving, economically successful community.

## Natural Capital Vision...

**“Natural Capital is  
an idea whose time  
has come...”**

Dieter Helm, Chair,  
Natural Capital Committee

two

## Natural Capital: New Forest

Value of nine ecosystem services calculated as:

**Total value = £65,709,124**

Including:

Air quality = £45,480,279

Recreation = £10,393,924

Climate regulation = £9,158,052

Timber = £398,117

# Natural Capital driving national policy

Natural capital is an  
idea whose time has come...

**Dieter Helm**  
Chair of the Natural  
Capital Committee

‘Natural capital is all about assets – the assets nature provides us with for free; it forces us to see the environment as a (or indeed the) key input into the economy – **ending the apartheid between economic growth and protecting and enhancing the environment...**

‘To stop the rot, we need to keep the aggregate of natural capital from falling further. Indeed it needs to be improved.

**World class environment,  
world class economy**

## The Green Halo Partnership...

**A platform for the future -**
