

LI Student Travel Award 2020 (International): Terms and Conditions

The LI Student Travel Award (International) is given to students studying on a Landscape Institute (LI) accredited course, to develop their knowledge of a specific landscape topic.

This year's theme is the **future of landscape**. Students are asked to come up with an original, well researched and achievable proposal that outlines learning objectives in conjunction with the future direction of travel for landscape practice and the profession.

Making your application

1. To be eligible to apply for the award you must be:
 - a. Currently studying on a higher education programme accredited by the Landscape Institute, **and** -
 - b. Be a student member of the Landscape Institute (If you are not currently a member, you must ensure you apply for student membership before the closing date for applications).
2. Entries must be submitted using the online application form and received by the LI by **midnight on Sunday 22 March 2020**. Please read the questions carefully; you will **not** be able to edit or revise your responses after submission. Incomplete applications will not be accepted and so it is important that you complete all questions fully.
3. Candidates may only submit **one** application for the award. This year, candidates may apply **for both the International and UK category** by submitting separate applications. Please note, however, that winning candidates will receive one prize only (i.e. regardless of number of applications, a single candidate will **not** be eligible to claim both the International and UK bursary).
4. The judging panel will be looking for proposals which meet the set criteria (outlined on the LI Student Travel Awards 2020 webpage).

Prizes

1. Successful students are awarded a **maximum of £750** for a single trip abroad; travel should be extracurricular and can be in the form of a study-specific trip, or extension of existing travel arrangements for the purpose of study.
2. The award is **not intended** to fund travel which you would normally undertake in connection with your university studies, such as university organised field trips, or to undertake study at a foreign university.
3. The award **must not** be used in conjunction with any other bursaries, grants or prizes offered by organisations outside of the LI.

4. All proposed international travel must be complete by **31 December 2020**.
5. Monies will be paid to successful applicants **within 28 days** of provision of evidence of booking. Bookings and travel reservations are the responsibility of the award recipient only.
6. Those in receipt of an award must notify the LI if their travel plans are cancelled or are subject to substantial alteration. You will be **required to return any monies paid** to the LI if your travel is cancelled, and so you should ensure that you have appropriate travel insurance.
7. In exchange for the bursary fund, winning applicants commit to documenting their trip and providing content to the LI (in the form of blogs, photo and video) according to deadlines set by the LI.

Please note: By signing the declaration at the end of the online application process, in turn, you declare that you have read and understood the above terms and conditions, with which you confirm you will comply.
